

## Carekits

The HomeAid 'CareKit' is a community outreach initiative that brings together donors and volunteers to create and distribute 'CareKits' to homeless individuals and families.

The 'CareKits' are filled with essential hygiene products, socks, and 2-1-1 resource cards that connect individuals to available services throughout the county. A kit is much more than the amenities inside - it's about providing hope and a hand up.

Join HomeAid Sacramento in reaching out by collecting new travel size toiletries and other essentials (listed below) or sponsor by making a cash donation.
